Azoth Khem Publishing, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. There is a war going on between angels. It isn't a war as one would think that is inscribed and written down in various religious texts throughout the world: angels versus demons. No, this war is much bigger than that. Demons were a creative word enlisted by God. No this war is purely between angels and the fallen angels. God has wiped out the existence of the Divine Mother after she, not Satan or Lucifer, took the fall for darkness out of love not hate. She took half of her children with her, half of the angels of the Summit, that selflessly went with her, and they all fell. Even though the fall stripped them of their light, it did not strip them of their grace. They are still angels until they let the darkness of the universe seep into their heart. God, whose chosen name is Alpha, had hoped that this would happen sooner rather than later to all of the fallen. He deceived humanity over their existence. Love, power, and vanity all come together in this novel as we see the showdown between angel and fallen angel, God and Goddess, brothers and sisters in arms fighting against one another. We see the power of love and the power of brotherhood as those angels of the light fall to help their forsaken brothers. In the end, will love banish and conquer the evil God of Creation and return the light back to the fallen, which was rightfully theirs to begin with.
