Reviews

*Completely essential read publication. It is really basic but excitement in the fifty percent of the book. You will not really feel monotony at anytime of your respective time (that's what catalogues are for about in the event you ask me).

Hachette Children s Group, United Kingdom, 2016. Paperback. Condition: New. Illustrated edition. Language: English . Brand New Book. China s economic rise during the past twenty years has been meteoric, as a nation of farmers has been transformed into an industrial superpower. This transformation is reflected in China s capital city, Beijing. The new China faces many challenges, from population and pollution to political reform and human rights. Can its success be sustained, without putting at risk its environment and rich cultural heritage?A high-end geography series that explores some of the fastest-developing countries and cities in the world and assesses how they are dealing with the challenges of the 21st century. Topics looked at include: population structure, the economy, environmental sustainability and the outlook for the future. Each title also features a closer look at an individual city within the country. Richly illustrated with photos, maps, case studies and graphs, this is an ideal read for globally conscious readers aged 11 and up.
