

## Mathematical Statistics, Vol. 2

By K.R. Gupta

Atlantic Publishers & Distributors Pvt. Ltd., New Delhi, 2015. N.A. Book Condition: New. The book 'Mathematical Statistics' provides a balanced and rigorous coverage of all the topics taught in mathematical statistics to the students of economics, statistics, commerce and the physical sciences. It presents a thorough treatment of statistical methods using mathematics in such a way that a previous acquaintance with mathematics and statistics is not necessary. For the students of non-mathematical background, all the mathematical tools such as permutation, combination, set theory, factorial, etc. required for the study of probability have been properly dealt with. As far as possible, mathematical complexity has been avoided and wherever desirable, the notations and terminologies have been clearly explained with detailed explanation of mathematical steps involved. Numerous real-world examples and applications have been provided throughout the book to reinforce mathematical and statistical concepts.

### Reviews

*Complete guide! Its such a great study. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.*
