Reviews

Absolutely essential read through ebook. Better then never, though i am quite late in start reading this one. I am just delighted to inform you that this is actually the finest ebook i actually have read through during my own existence and might be he greatest publication for actually.

(Ms. Vernie Stracke)

GOLDEN TREASURY OF SONGS AND LYRICS, VOL. 2 (CLASSIC REPRINT)

Forgotten Books. Paperback. Condition: New. This item is printed on demand. 342 pages. Dimensions: 9.0in. x 6.0in. x 0.7in. Excerpt from Golden Treasury of Songs and Lyrics, Vol. 2 This little Collection differs, it is believed, from others in the attempt made to include in it all the best original Lyrical pieces and Songs in our language (save a very few regretfully omitted on account of length), by writers not living, - and none beside the best. Many familiar verses will hence be met with; many also which should be familiar: - the Editor will regard as his fittest readers those who love Poetry so well that he can offer them nothing not already known and valued. The Editor is acquainted with no strict and exhaustive definition of Lyrical Poetry; but he has found the task of practical decision increase in clearness and in facility as he advanced with the work, whilst keeping in view a few simple principles. Lyrical has been here held essentially to imply that each Poem shall turn on some single thought, feeling, or situation. In accordance with this, narrative, descriptive, and didactic poems, - unless accompanied by rapidity of movement, brevity, and the colouring of human passion, - have been excluded. Humorous poetry, except in the very unfrequent instances where a truly poetical tone pervades the whole, with what is strictly personal, occasional, and religious, has been considered foreign to the idea of the book. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
