DR. PAUL S ENCYCLOPEDIA OF TRIGGERING EVENTS: HOW TO THINK AND ACT IN ANY SITUATION (PAPERBACK)

Createspace Independent Publishing Platform, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.

My Dear Reader, Many of you have read at least one of my TOTAL RELIEF books and have blasted through your depression, anxiety, stress, loneliness, anger, or any one of a number of difficulties you have faced. What I teach works. It is based on a proven system called Cognitive Behavioral Therapy (CBT). Cognitive-behavioral Therapy I believe, has been proven to be one of the best, if not the best approach to treat depression, anxiety, stress, and a host of other emotional problems. Test after test reveals that it is on the par with medicine without the side affects. And in the long run, it is superior because people learn how to change their lives rather than rely on chemicals to change their thoughts and behavior. Cognitive-behavioral therapy has been shown to actually change the chemistry of the brain! In my books, I take this further and deeper than what most of you have experienced in your therapy or what you have discovered in your reading. This book has a unique purpose, to help you learn how to interpret any situation, any triggering event that you are blaming for your emotional difficulties. I take hundreds of happenings, events that you tend to blame for your present feelings and show you that when you change your interpretation and action, you can change your feelings. Too often people believe that EVENTS = EMOTION. Their emotional state is the result of bad things happening to them. This kind of thinking, however, is totally wrong and will keep you bound in the prison of your emotional state, locked up and forever longing for joy and peace. But you have learned the lie of the above...
