She tried all the standard techniques--prioritizing, multitasking, delegating, even napping--but none really worked. Her trials and errors are our reward. In The Sweet Spot, Carter shares the combination of practices that transformed her life from overwhelmed and exhausting to joyful, relaxed, and productive. From instituting daily micro-habits that save time to bigger picture shifts that convert stress into productive and creative energy, The Sweet Spot shows us how to - say no strategically and when to say yes with abandon - make decisions about routine things once to free our minds to focus on higher priorities - stop multitasking and gain efficiency - take recess in sync with the brain s need for rest - use technology in ways that bolster, instead of sap, energy - increase your ratio of positive to negative emotions...
