paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback. Publisher: China Electric Power Pub. Date :2008-12-23. This book for the general higher education Eleventh Five-Year Plan materials. This book focuses on the local power system s high-voltage technology. while the high pressure system. relevant content and applications in the power system in recent years related to new technology also made a proper introduction. The book is divided into 10 chapters. including the main electrical dielectric strength gas. liquid. solid dielectric electrical properties. the wave line and the winding process. lightning and lightning protection devices. the atmosphere over-voltage transmission lines and lightning protection. power plants and substation lightning protection. an internal over-voltage electric power system. power system insulation coordination. high-voltage test techniques. the main electrical power system equipment insulation preventive test methods. This book can serve as institutions of higher learning in electrical engineering and automation. electrification and automation of agricultural materials. power systems are also available for the technical officers. Contents: Preface Chapter gas dielectric strength of electrical charged particles in the first section of the gas produced a small uniform electric field with the disappearance of Section III-uniform electric field gap discharge air gap discharge gap breakdown fourth non-uniform electric field first five impulse voltage breakdown characteristics of air under atmospheric conditions in section VI of the air gap breakdown voltage of Section VII to improve air-gap electric strength measures the electrical properties of sulfur hexafluoride in section VIII and the first insulation of electrical equipment nine chapter exercises along the surface discharge of liquid and solid dielectric section of the electrical properties of dielectric polarization of the dielectric conductance Section III Section IV dielectric loss properties of liquid dielectric breakdown of solid dielectric breakdown V...
