University of California Press, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book. In *The Poetics of Slumberland*, Scott Bukatman celebrates play, plasmatic possibility, and the life of images in cartoons, comics, and cinema. Bukatman begins with Winsor McCay's *Little Nemo in Slumberland* to explore how and why the emerging media of comics and cartoons brilliantly captured a playful, rebellious energy characterized by hyperbolic emotion, physicality, and imagination. The book broadens to consider similar animated behaviors in seemingly disparate media - films about Jackson Pollock, Pablo Picasso, and Vincent van Gogh; the musical *My Fair Lady* and the story of *Frankenstein*; the slapstick comedies of Jerry Lewis; and, contemporary comic superheroes - drawing them all together as the purveyors of embodied utopias of disorder.
