BRILLIANCE AUDIO, United States, 2015. CD-Audio. Book Condition: New. Unabridged. 171 x 133 mm. Language: English . Brand New. Open your mind to the possibility of premonition, explore your capacity to sense the future, and ponder the implication of mind outside of time. A dream prompts a mother to remove her baby from his crib an hour before a chandelier falls. More than a dozen people are no-shows for choir practice for the first time ever at the moment their church explodes. Are these coincidences, or is something happening that we need to pay attention to? This is the question Dr. Larry Dossey asked himself during his first year of medical practice when he experienced a week of premonitions about patients, all of which came true. As a scientist and medical doctor he was scared to talk about it because if he dared believe what he was experiencing was possible that the future could be known before it happened then his entire education and worldview would be turned on its head. But as suddenly as the premonitions started, they stopped: It was as if the universe, having delivered a message, writes Dossey in the introduction, hung up the phone. It was now my job to make sense of it. The Power of Premonitions reveals the world of science and research that proves the human capacity for knowing the future. Experiments consistently show that human beings are as wired to know what s coming next as we are to see, feel, hear, and think. Dossey uses cutting-edge science to prove the value of what has long been considered the provenance of mystic charlatans and to show listeners how they can cultivate their natural abilities. This is an audiobook for the skeptical mind, but it s also for the believer s heart...
