You've just been asked to join an alien, a Sun God from another dimension, and Albert Einstein in a secret government plot to restore order to the time continuum. What are you going to do next? Go to Disneyland, of course. . . Peppers Ghost is a tongue-in-cheek look at society, relationships, time travel, important issues like war, evolution, and vegans, and a lot about cows. And aliens. And physics. But mostly cows. Readers have said: Holy crap, what an entertaining book! I really, really, really, reeeeely liked it. Everything ties together so perfectly. The story never slows down. . . Every time I thought it couldn't get weirder, the rules would change and it would all blow up in my face again. Loved it! Peppers Ghost - A Planet of the Cows story about the consequences of conflicting timelines, complete with a surprise ending. And a surprise middle. There were surprises around every corner. And corners around every surprise. If you buy a copy today, you can receive a free digital CD of original music! Check [www.c7music.net](http://www.c7music.net) for more details!...
