## Technology Use In Open Learning System

By Ramesh Chandra

2005. Hardcover. Book Condition: New. 320 This book is very easy to read. The way it is presented makes it easy to follow as a good reference for anybody who is developing multimedia systems and has a high level of commitment to quality. The book is full of useful examples, most of them from educational technology fields, on the development of multimedia technology for learning and training. It is a wonder work defining a common language for different terms, types, and processes, use in the development and interactive learning systems. About The Author:- Prof. Ramesh Chandra, was born in a family of freedom fighters on July 1st. 1957 in village Bijwara, District Meerut of Uttar Pradesh. He started his research career at University of Delhi and then went to the New York Hospital-Cornell University Medical Center, as well as at the School of Medicine, State University of New York at Stony Brook as a faculty member and then went to Harvard University Medical School-Massachusetts General Hospital joined at MIT, Cambridge, USA. On his return to India he joined the faculty at the University of Delhi, where he is currently a Professor of Chemistry and Director of Dr. BR Ambedkar Centre...

### Reviews

*Absolutely essential go through pdf. Of course, it can be enjoy, still an amazing and interesting literature. Your way of life period will be convert the instant you comprehensive reading this article ebook.*
