Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.War and humanitarian suffering in the Democratic Republic of Congo (DRC) have long preoccupied U.S. policymakers, including many Members of Congress. Since the 1990s, cyclical conflicts in eastern DRC have caused regional instability and impeded investment, becoming the focus of international attention toward the country. Since 2015, attention has turned toward DRC's political trajectory as President Joseph Kabila's efforts to remain in office past the end of his second elected term in 2016 (his last, under the constitution) have sparked unrest. Unable for now to amend constitutional term limits as other regional leaders have done, Congolese officials have delayed elections on various grounds, asserting that Kabila must remain in power in the meantime. In December 2016, under significant domestic and international pressure (including from the United States), the ruling party and opposition agreed to form a unity government and hold elections in 2017. However, the details and feasibility of implementation are in question. DRC has never experienced an electoral transfer of power between presidential administrations. In the east, political elites have displayed limited capacity or will to improve security and state administration, while neighboring states have periodically provided support to DRC-based rebel groups. In 2013, DRC and neighboring states agreed to a regional peace framework, and later that year, the Congolese military-backed by a United Nations (U.N.) Intervention Brigade -defeated a relatively formidable Rwandan-backed rebel group known as the M23. Despite a subsequent peace process between the government and the M23, however, rebel combatants were never fully demobilized, and some appeared to be reorganizing as of early 2017. New armed groups have also emerged in the central Kasai region, a political opposition stronghold. The United States has provided...
