It is one of the best publications. It is definitely simplistic but exciting in the 50 % in the ebook. I am very happy to let you know that this is basically the greatest publication I have got to go through within my own existence and could be the greatest pdf for ever.

THE MOUNTAIN LAUREL COOKBOOK: A COLLECTION OF STOVETOP MEMORIES (PAPERBACK)

Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Mountain Laurel Cookbook contains chapters on Beverages, Breads, Desserts, Meats, Old Fashion Puddings, Pickling and Canning, and Vegetables. It has over 200 mouthwatering, easy to prepare heirloom recipes; they are the legacies of many outstanding mountain cooks. In addition there are tidbits of cooking lore and tips to make every recipe a masterpiece. Old time cooks used generous amounts of real butter, milk and eggs, and the recipes are of their generation. While modern day measurements are used, and ingredients that are readily available from grocery store shelves (for the most part), the book also describes how to cure meats and make perfect biscuits and gravy. Over the last thirty-two years, some of the best cooks in the mountains have contributed their old time recipes to The Mountain Laurel, some of which have been handed down for generations. These recipes were the staple of generations of mountain people. If you re a novice to country cooking this cookbook will make learning easy; if you re a seasoned veteran you ll find new delights and insights for your storehouse of knowledge. And tucked here and there, you will find humor. This cookbook is meant to be a joy to read as well as a treasure trove of recipes. We sincerely wish you good reading, good cooking, and the best part, a well satisfied tummy. (Note: Last night I finished the final revisions of The Mountain Laurel Cookbook. It has taken much longer to get to this point than I anticipated. Proofing a cookbook is an odd combination of fun and torture. I have never been so hungry in my life! Reading all these recipes has kept me in a constant state of...
