Notion Press, India, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Beyond Spirituality and Philosophy of Religion There are many myths, religions and beliefs related to God that are prevalent in our society. Based on them, there are temples, churches, mosques and many such places, where one can feel the divinity of God. Still, knowing and understanding God remains a mystery. Both believers and non-believers have a question about God's existence, shape, form, etc. Even if there exists a form, how can one perceive it? No one has seen nor understood his real form. But faith in God is purely blind. The reason is that everyone believes that there is an omnipotent and omnipresent power, which is ruling the world. People have different concepts of God; according to me, where all those concepts of God meet, the real God manifests. Whenever I need motivation, a helping hand or guidance, I take recourse to God and my concept of God has manifested in various occasion/situations in my life. These manifestations have helped me in my life to become successful and have changed me from a common man to an uncommon with multiple talents and all that I have ever longed for. In this book, I wish to share my experiences and my realization of those manifestations.
