Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Glasses Glasses is a book about glasses and the people who wear them; but before you lay it down, deciding a book about glasses can't be interesting-think again! Along with three original tales that will have you sleeping with the lights on, are some of the most interesting facts about glasses and haunted objects you'll find anywhere! We begin with the strange tale of an old mansion that is scheduled to be torn down, when the family hires an auction house to auction off the contents, telling them (by way of a cryptic note) to destroy a pair of glasses they find inside. Not to sell them-to destroy them. It will be the last note they ignore - literally the last! Then comes the stories: Night Shadows and Disappearing Glasses that will make you do a double take. As always, Lyn's goal is to entertain; if you learn something along the way-that's just more icing. A near recluse in her glass villa, Lyn delights in quiet conversation and coffee with her husband, while feeding the ducks on their private lake. This Daughter of the American Revolution lives to spin What-if's-just for you!.
