B-281196 Figure 3: Joint Strike Fighter Critical Technology Readiness Levels at Program Start Note: Due to the current Joint Strike Fighter competition, the critical technologies are not identified so as not to associate them with the respective contractors. Source: Joint Strike Fighter program office. As shown in figure 3, none of the Joint Strike Fighter critical technologies had achieved the desired technology readiness level of six by program start. Instead, all of the technologies were at readiness levels of two or three, which means that, at best, analytical and laboratory studies had been completed or very early components had been developed. We also obtained program office and contractor data assessing the expected maturity levels for the Joint Strike Fighter as it enters engineering and manufacturing development in March 2001. The Air Force Research Laboratory considers TRL 7 as acceptable for low risk when entering the engineering and manufacturing development stage. This maturity level represents an advanced prototype of each of the critical technologies Page 13 GAO NSIAD-00-74 Joint Strike Fighter Acquisition This item ships from La Vergne, TN. Paperback.
