

Voices for Children: Rhetoric and Public Policy (Paperback)

Filesize: 1.08 MB

Reviews

Good e-book and helpful one. It can be written in basic phrases rather than confusing. I realized this ebook from my i and dad recommended this book to find out.

VOICES FOR CHILDREN: RHETORIC AND PUBLIC POLICY (PAPERBACK)

[DOWNLOAD](#)

BROOKINGS INSTITUTION, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book. The United States spends more on programs for the elderly than it does on programs that enhance child development and improve child welfare. Why has public policy neglected the development phase of young Americans lives not only in substantive dollars spent, but also in program design and implementation? Noted child care and education policy expert William Gormley highlights the portrayal of children s issues in both the mass media and in public policymaking to explain why children have gotten short shrift. A key explanation is the limited mass media coverage of strong arguments in support of children s programs. After documenting changes in rhetoric on children and public policy over time and variations across policy domains and government venues, Gormley demonstrates that some issue frames are more effective than others in persuading voters. In two randomized experiments, he finds that economic frames are more effective than moralistic frames in generating public support for children s programs. Independent voters are especially responsive to economic frames. In several illuminating case studies, in Connecticut, Utah, North Carolina, and Pennsylvania, he finds that strong rhetoric makes a difference but that it is sometimes eclipsed by even stronger political and economic constraints. Voices for Children offers a fresh perspective on raging debates over child health, child poverty, child welfare, and education programs at the federal and state levels. It finds some hopeful examples that could transform how we think about children s issues and the kinds of public policies we adopt.
