Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Agricultural Analysis: A Manual of Quantitative Analysis for Students of Agriculture This book is intended for those students of Agricultural Chemistry who desire a knowledge of commercial quantitative analysis. The first two chapters deal with ordinary quantitative analysis, and may be omitted by those who have already received a general training in practical chemistry. The remainder of the book contains an account of those processes which the experience of many workers has shown to be the most useful to the agricultural analyst. In this second edition the original arrangement of the book has been retained, but the chapters on the analysis of dairy produce and of water have been re-written. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
