Reviews

It is one of my personal favorite pdf. This really is for all those who state there was not a really worth looking at. I realized this book from my dad and i encouraged this pdf to understand.
(Katlynn Haag)

BABY TOUCH: RAINBOW

Penguin Books Ltd. Board book. Book Condition: new. BRAND NEW, Baby Touch: Rainbow, "Baby Touch Rainbow" is part of Ladybird's best-selling "Baby Touch" series, designed to stimulate a baby's senses in the stages from birth. Each sturdy board page is shaped to help little hands grasp and turn the pages, and helps to teach a different colour of the rainbow - red, orange, yellow, green, blue and purple (which features both indigo and violet). The bold, bright pictures and patterns throughout help to stimulate a young baby's developing eyesight, while older babies will enjoy exploring the different touch and feels, learning the names for different animals and vehicles, and making the noises! From a shiny red tractor and a fluffy orange cat, to a soft yellow duck, bumpy green tortoise and shimmering blue rocket, baby's first colours have never been so fun!.
