*This ebook is definitely not straightforward to start on looking at but really enjoyable to learn. It usually will not charge excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Paperback Pages Number: 237 in Publisher: China Architecture and Building Press; 1 (2011 September 1. days). Paperback Pages Number: 237 in Publisher: China Architecture and Building Press; 1 (2011 September 1st ) the Xuejian Yang. Chen Zongping. STEEL BUILDING compiled the structural performance of steel reinforced concrete columns. the design method and its engineering application study and exposition of the basic mechanical properties of steel reinforced concrete columns. its nodes. seismic performance. design Theory of Computation requirements and the methods and structure. The book is divided into 10 chapters. including introduction. steel reinforced concrete columns of the seismic performance testing and analysis. test and analysis of bearing capacity of the normal section. oblique section. the bond slip behavior under cyclic loading tests and analysis of high-strength concrete. steel the seismic performance of the short leg walls. and steel reinforced concrete columns frame joints seismic performance test. numerical simulation analysis. bearing capacity calculation. The structural performance of steel reinforced concrete columns. the design method and its engineering applications also proceed from the practical engineering point of view. given the calculation of steel reinforced concrete columns is cross-section and oblique section. concrete protective layer thickness and cross section with steel in the form and quantity of steel reinforced concrete columns under axial compression ratio limits. steel reinforced concrete columns frame joints constructed measures and design methods. The structural performance of steel reinforced concrete columns. the design method and its engineering applications available for faculty and graduate students of institutions of higher learning civil engineering professional reference. are also available to relevant researchers. engineers and technicians. and advanced undergraduates reference. Four Satisfaction guaranteed, or money back.
