Pages Number: 242 Publisher: Petroleum Industry Press Pub. Date: 2006 - 08. stratification reading is a highly effective and practical method of reading. to organically combine the reading and writing. easy reading and the entrance examination to combine the reading and life together will help students to read a good method for the sustainable development of its future lay a good foundation of habits. The so-called layered reading. the reading process is divided into three components: hot read. point of reading. intensive reading. The first part presents a first U.S. paper to the reader. the hot read. For students to read independently. make their own annotations. followed by reading Capriccio for students to write their own reading experience. in order to cultivate good reading habits. Section links for point of reading articles. chapter before setting read point. that you can read this article in the most exciting point is. Expect students to produce a reading; not yesterday the formation of tail echo. so that reading from the open to form a joint process. The third aspect is the appreciation of the true classic for the Intensive articles. all-round interpretation of the article. how the taste system to guide the students in the article. Each point has a wonderful detailed comments and analysis. and then give full appreciation of the text at the end. At the same time the book is divided into 20 weeks. each week a theme. or followed with reading reflection. read the sentiment. read and write topic links for students to digest. absorb the knowledge learned. to achieve a combination of reading and writing . In addition. the fun...
