

The Medical Malpractice Myth (Paperback)

Filesize: 6 MB

Reviews

Just no words to explain. it was actually writtern quite perfectly and valuable. Your daily life period will be convert as soon as you total looking at this pdf.

(Mr. Brook Marquardt Jr.)

THE MEDICAL MALPRACTICE MYTH (PAPERBACK)

The University of Chicago Press, United States, 2007. Paperback. Condition: New. New edition. Language: English . Brand New Book. American health care is in crisis because of exploding medical malpractice litigation. Insurance premiums for doctors and malpractice lawsuits are skyrocketing, rendering doctors both afraid and unable to afford to practice medicine. Undeserving victims sue at the drop of a hat, egged on by greedy lawyers, and receive eye-popping awards that insurance companies, hospitals, and doctors struggle to pay. The plaintiffs and lawyers always win; doctors, and the nonlitigious, always lose; and affordable health care is the real victim. This, according to Tom Baker, is the myth of medical malpractice, and as a reality check he offers *The Medical Malpractice Myth*, a stunning dismantling of this familiar, but inaccurate, picture of the health care industry. Are there too many medical malpractice suits? No, according to Baker; there is actually too much medical malpractice, with only a fraction of the cases ever seeing the inside of a courtroom. Is too much litigation to blame for the malpractice insurance crisis? No, for that we can look to financial trends and competitive behavior in the insurance industry. Point by point, Baker - a leading authority on insurance and law - pulls together research that demolishes the myths that have taken hold and suggests a series of legal reforms that would help doctors manage malpractice insurance while also improving patient safety and medical accountability. *The Medical Malpractice Myth* is a book aimed squarely at general readers but with radical conclusions that speak to the highest level of domestic policymaking.
