Rainbow Ridge Publishing, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book. When the Horses Whisper shows the capacity of horses to help us heal the human heart. It expresses in human language what horses have to say when given the chance to speak. It is a story about the sacred bond between us, and the communication made possible when the horse-human relationship is based on love. Conversations with fifteen horses, most of who live and work in Costa Rica, are featured along with their photographs, capturing them as individual beings in service to humans on a shared evolutionary journey. This journey amounts to the re-membering of our whole selves in the wholeness of creation, especially the parts we split off, deny, and place in shadow because they are too painful. Horses, as the book shows, can help us see these lost parts, and call forth our courage to reclaim them. For the author, these included the loss of a newborn daughter, the mental illness of an adult son, letting go of a thirty-year marriage, and childhood sexual abuse. The story recounts the equine healing work that helped in reclaiming her authentic self. This book is testimony to the power of horses and equine healing work in transforming life's losses into a deeper human wholeness and a further communion with the non-human world.
