Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This is a study on the life and work of the two first called disciples of Jesus. Peter and Andrew sons of the fisherman Jonah of Bethsaida on the sea of Galilee. Though we have a lot on the life of Peter until the resurrection of Jesus and and the early period of the Church we have very little information. What we have is often inconclusive and contradictory. This even leads some to assume that there were two Simons - with the Simon in Rome as different from Apostle Peter the disciple. I have simply given both sides of the argument and leave the conclusion to the reader. As regards to Apostle Andrew, the Bible is mostly silent and we have to rely on traditions. Fortunately George Alexandrou has travelled extensively and had been able to trace most reliably four missionary journeys and associated churches he established. This is probably the best we could get on Andrew s mission. Thus this is simply a study resource collected from the expert in the field of Christian Study and is presented to all the Bible Study groups scattered around the world.
