Reviews

Great electronic book and useful one. It can be written in straightforward terms rather than difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Brookings Institution Press. Paperback. Condition: New. 307 pages. Dimensions: 8.9in. x 5.9in. x 0.9in. Climate change threatens all people, but its adverse effects will be felt most acutely by the worlds poor. Absent urgent action, new threats to food security, public health, and other societal needs may reverse hard-fought human development gains. Climate Change and Global Poverty makes concrete recommendations to integrate international development and climate protection strategies. It demonstrates that effective climate solutions must empower global development, while poverty alleviation itself must become a central strategy for both mitigating emissions and reducing global vulnerability to adverse climate impacts. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
