Absolutely among the finest pdf I have got possibly read. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

THE FOREST ON THE HILL (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Forest on the Hill Her immense slopes and sudden descents added sublimity to Yarners. There lay, indeed, within her frontiers many a level acre, where the trees stood shoulder to shoulder, branch locked in branch; but abrupt declivities scattered the forest regions and broke up their order, so that through the boughs of a great oak one might perceive the crown of his neighbour; or, in precipitous places, the feet of some poised tree twining silver roots vainly upon air above the head of another more safely anchored below. At this season, in the lustrous, untinted splendour of still mornings, the plan of the forest was spread in light upon the shining hills, and, seen against the sunshine, every tree and harmonious embrace of trees, every leaf-strewn glade, every heathery clearing, every pinnacle and arch and column, flashed nakedly. Here were they outlined with flame, where stood parent trunk and main edifice of limb; here they were scrawled and splashed in with nought but quivering fire to the limits of the lesser branches and feathery twigs, as they leapt in a radiant network against the blue. The forest roofs thus caught pure splendour of sunlight and irradiated a white, aerial glitter that dazzled the eyes and made them content to seek the more genial, more gentle glow of earth.
