Trilogy of Theophil Magus - The Truth

By Leonard Oprea

Xlibris. Paperback. Condition: New. 232 pages. Dimensions: 9.0in. x 5.8in. x 0.9in. A BOOK FOREVER - A MASTERPIECE TRILOGY of THEOPHIL MAGUS - The Truth by Leonard Oprea A GENUINELY DIFFERENT VOICE by Vladimir Tismaneanu Leonard Oprea, a brilliant Romanian writer, the author of important fiction and non-fiction works, is one of the finest, truly original contemporary East European writers. I have known him personally since 1990, but I had read his works long before that. Let me emphasize that Leonard Oprea, as an anti-Communist dissident played an important role in the oppositional culture during Nicolae Ceausescus dictatorship, in Romania. Although widely known as a brilliant fiction writer, his works were censored and eventually banned in the late 1980s. He was involved in the underground anti-dictatorship activities and consequently suffered continuous police harassments. His outstanding works of fiction, among which the poignant novel Camasa de forta (The Straitjacket) and an acclaimed volume of short stories Radiografia Clipei (The X-Ray of an Instant) were banned by the dictatorships censors and came out only after the anti-Communist revolution in December 1989. Leonard Opreas books received the highest praise from the most influential critics in Romania who rightly compared his vision to...
