The central idea of this book is the Science and Art of spiritual evolution based on the synthesis of the Fourth Way, Hindu-Sufi Spirituality and Modern Sciences into an organic whole of the spiritual and material aspects of both, man and the universe. It formulates a step by step road-map and an overall yardstick for understanding, verifying and applying esoteric knowledge in one's own evolution. This book also presents the work material on its so far least explored dimension, that is: (1) the intrinsic nature of Inner Three Forces; (2) practical meaning of a particular Force occupying a particular Place in the Triad (Process), and (3) manifestation of the Six Traids (Processes) in human activities, and their connection with Body-Types and Enneagram. Personal Work: This section of the book gives an overall idea of the broad landscape of the work on oneself: study of Man-Machine, beginning of work on oneself, basic essentials of the work, study of the inner divisions of man, and development of Steward. It discusses in detail consciousness, Self-Remembering and various practical methods of approaching consciousness - the 1st conscious shock . It also discusses conscience, distinguishing real and unnecessary suffering, sacrificing unnecessary suffering and transforming real suffering - the 2nd conscious shock . Universal laws and Cosmology: This section of the book deals with the fundamental eternal universal laws governing man and the universe, the Ray of Creation and Five ever-existing eternal Entities. It deals with cosmology in detail, unfolding a Model of the Universe from the combined view point of ancient knowledge and findings of modern science, and also the place of a human being in the entire scheme of the universe. It also deals...
