THEORY OF EVERYTHING (PAPERBACK)

Efren Basa Aduana Jr, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. On July 4, 2012, the Higgs boson, dubbed as the God particle, which the physicists had been searching for more than 40 years now, was announced to have been discovered by the Large Hadron Collider (LHC), the world largest particle accelerator operated by the European Organization for Nuclear Research (CERN). Since the Standard Model did not include the explanation...

Reviews

Certainly, this is the greatest work by any author. It can be written in easy words and phrases rather than confusing. I am just happy to let you know that this is actually the greatest ebook we have studied inside my individual daily life and may be the greatest ebook for at any time.

-- **Trent Monahan**

Great electronic book and useful one. It can be written in straightforward terms rather than difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Kian Harber**
