Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Propaganda for Reform in Proprietary Medicines To the Council on Pharmacy and Chemistry: - Your subcommittee to whom Anasarcin (Anasarcin Chemical Co., Winchester, Tenn.) was assigned, herewith submits its report: This remedy is offered in two forms: Anasarcin Tablets, a pretended combination of the active principles of oxydendron arboreum, sambucus canadensis, and urginea scilla; and Anasarcin Elixir, said to contain the active principles of oxydendron, sambucus, hepatica and potassium nitrate. The advertisements of these articles conflict with the rules of the Council as follows: With Rules 1 and 2: The composition of these articles is kept secret, in that the proportion of the ingredients is not furnished. The statement that it contains the active principles is misleading, since these are for the most part unknown. With Rule 0: The description of the pharmacologic action of Anasarcin agrees practically with that of squill. No material part of its effects can be attributed to the other ingredients. Nevertheless, the advertisement studiously cultivates the impression that Anasarcin has no relation whatever to the digitalis group in which...
