

Integrative Assessment in Clinical Psychology

By -

Australian Academic Press, Australia, 2010. Paperback. Book Condition: New. General ed.. 213 x 140 mm. Language: English . Brand New Book. This book demonstrates an integrated model of clinical psychology practice where disorders are understood as the outcome of multiple interacting factors across different levels of analysis: biological, psychological and psycho-social. Using real-life case studies with expert analysis and interpretation by leading clinical psychologists and educators, the chapters presented in this book show how the planning of intervention needs to be informed by the available evidence. This integrated model allows interventions to be individually tailored rather than offered as a one size fits all approach, placing greater emphasis on rigorous assessment as one of the core clinical skills and distinguishing features of a clinical psychologist. Increasingly clinical psychologists are able to employ integrated forms of psychological therapy as the field comes to accept both the strengths and limitations of cognitive, behavioural, humanistic, psychodynamic and systemic approaches. The case studies in this book cover a range of disorders, including substance abuse, depression, childhood depression, eating disorders, borderline personality disorder, obsessive behaviours, attachment disorder, sexual offending, dementia, learning difficulties and schizophrenia. An invaluable resource for all clinical psychology students as well as...
