Today only, get this bestseller for just \$7.99. Regularly priced at \$15.99. This book contains proven steps and strategies on how to learn how to become a hacker and move from a newbie hacker to an expert hacker. But, what is hacking? Hacking is the exercise of altering the features of a system with the aim of carrying out a goal outside the system creator s original intention. When you constantly engage in hacking activities, accept hacking as your lifestyle and philosophy of choice, you become a hacker. Over the years, society has perceived hackers as criminals who steal information and money from businesses and individuals. Although a couple of cyber criminals exist (talented people who use hacking for malicious intent are called crackers), majorities of hackers are people who love learning about computers and constructively using that knowledge to help companies, organizations, and governments secure their information and credentials on the internet. Today, you are going to get an...
