Forgotten Books, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Report on the Subject of International Exchanges, 1848 The department of the treasury has added largely to the materiel of exchange b contributions of books, documents, circulars, c., 6. Among these may e more particularly noticed complete collections of the docu ments on the Commerce and Navigation of the United States, many hun dred circulars, collections of Tarid laws, and, in short, every thing relating to the business of the Department. In addition to these valuable contri butions of books, the Secretary of the Treasury has rendered immense ser vice to the system by the liberal manner in which he has interpreted and acted upon the law of Congress, in the circular which has been already quoted. Besides this circular, which will so greatly facilitate the business transactions of the system, he has issued a second one, scarcely less im portant as a measure of convenience and economy; for the storage and for warding of so great a number of large and heavy cases as must be constant ly circulating in the channels of exchange, must form an item in the ex penses of the system of no inconsiderable importance.
