

Collapse of Weimar Republic: Political Economy and Crisis (Hardback)

By David Abraham

Holmes Meier Publishers Inc, United States, 1986. Hardback. Condition: New. Subsequent. Language: English . Brand New Book. Analysing the conflicts within and between organised industrial and agricultural forces in Germany as well as those between capital and labour, the author shows how these conflicts made it impossible for a coherent political force to emerge to hold the democratic republic together and how, after a period of costly cooperation with labour, and faced with unacceptable alternatives, Germany's elites found unity in a dictatorship that removed the working class from politics and obliged the dominant classes to abdicate all but their economic interests.

Reviews

It is a single of the best ebook. I am quite late in start reading this one, but better then never. I am delighted to inform you that here is the greatest ebook i have got read through inside my very own daily life and may be he best book for at any time.

-- **Eunice Schulist**

This publication might be worthy of a read through, and superior to other. It normally is not going to charge excessive. Its been written in an remarkably simple way and is particularly just after i finished reading through this book through which in fact transformed me, alter the way i really believe.
