Createspace, United States, 2014. Paperback. Condition: New. Language: Hindi . Brand New Book ***** Print on Demand *****. What happens when the only aim of a system is to justify its existence ? What good can come out of disciplines that are suspicious of the imaginative? What truly is to become of a nation which extols militant nationalism, material growth, and smoother roads over morality and the need to punish mass murder? This book does not answer these very unpalatable questions but the inability to do so is the very site of its birth in mirth and nonsense.
