Timeless, Infinite Light, 2017. Paperback. Condition: New. Language: English . Brand New Book. Poetry. Feminist data maps. Perverse technical networks. How do we navigate the vertigo between technology and our bodies? CONTRAVERSE is a guide and a counter-spell for the nexus of big business, big tech, and the state that situates our lives. Shimmering between cosmology and information overload, CONTRAVERSE asks that we re-map our relation to the grid and seize control of our cyborg bodies. Alex Cruse s CONTRAVERSE removes the managerial from the menagerie, repopulating the dystopic ecology of quants with wild-types. The poetry despises a clock and rejects corrupt syntax to which the ambit of life is reduced. Cruse never hews to the individual, except to say there s another way-- and i am to project a continued person? in this frustratingly normative plot? If there is a subject it is always public, dispelling the fiction of self-possession, and throwing the muscle of a liberal thing into atrophy so that we might crawl back inside unscripted. Cruse swaps ego for we s, and shareholders for the dispossessed practice of holding what is truly shared. In her words: we are talking about an actual fucking material loophole, here. I trust her. We really are. --Wendy Lotterman.
