## ADAPTIVE HERBIVORE ECOLOGY: FROM RESOURCES TO POPULATIONS IN VARIABLE ENVIRONMENTS

Wits University Press, South Africa, 2006. Paperback. Book Condition: New. Student ed. 226 x 150 mm. Language: English . Brand New Book. The adaptation of herbivore behavior to seasonal and geo- graphic variations in vegetation quantity and quality is inadequately modeled by conventional methods. Norman Owen-Smith innovatively links the principles of adaptive behavior to their consequences for population dynamics and community ecology, through the application of a metaphysiological modeling approach. The modeling approach accommodates various sources of environmental variability, in...
