Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Factory Work as It Is and Might Be: A Series of Four Papers William Morris was not what Marxists would call a scientific Socialist, though he accepted the Fundamentals of Marxism. He was, naturally, an artist and a poet before he was anything else. His poetic-artistic criticisms of capitalism, however, furnish a most interesting and effective indictment of this system, and answers conclusively those who see, or pretend to see, in Socialism a social system wherein everybody and every thing are reduced to one gray level. From this view point the following pages should prove interesting and stimulating. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
