I highly recommend it' David Hodge, IBM Transarc Lab 'a terrific book. In just a couple of hundred pages Ian brings you from a basic knowledge of distributed computing to a clear understanding of the details of the standards and the products that implement them.' From the Foreword by Sean Baker, Chief Scientific Officer, IONA Technologies How to build high performance, high integrity transaction processing systems. In Enterprise Transaction Processing Systems, Dr. Ian Gorton distills years of consulting experience gained working with OTM technologies into an easily digestible tutorial which will be invaluable to anyone designing and building Transaction Processing systems. This book will provide an understanding of the concepts and features of the available OTM technologies, and describes the important practical issues that drive a project's architecture, detailed design and programming. 240 pp. Deutsch.
