Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. it feels like we are losing ground as writers at a time when we are supposed to be more important than ever. traditionally reading and writing has always been reserved for the enlightened. we now live in a world where a greater percentage of people are literate, so why do we still accept to read bad stories. and why are writers becoming obsolete.
