## THE PROMISE OF DUALISM A SHORT INTRODUCTION TO DUALIST THEORY

Paperback. Condition: New. 103 pages. This short book introduces dualist theory with a series of excerpts from my published and unpublished writings on the subject. In brief, dualist theory addresses many of the flaws in human thinking that are currently causing problems throughout the world. It promises humanity a better future if these flaws are overcome in the manner suggested in this book. The point is to show that reason can solve our problems. Our reasoning powers are not to be disparaged just because past ways of thinking are now failing us. We have the brains to solve all our problems in the long term. It is a matter of improving our ways of thinking and this has always been the aim of philosophy, though it has lately been remiss in that regard. If you mention dualism nowadays, most people immediately think of Descartes dualism that distinguishes between mind and body as being different substances. However, interactive dualism is not the same as Cartesian dualism. It does not put the mind in a different category from the body. As we shall see, to put them into absolutely distinct categories is categorical thinking. This rigid way of thinking is corrected by the logic of dualist interaction. In interactive dualism, the mind and its mental processes are not treated as occult things that can't be explained in physical terms. The dualist interactions that occur in the brain and central nervous system are as just as physical as the dualist interactions anywhere in the body or in the outside world. In this dualist theory there is no need for immaterial substances or anything that can't be explained scientifically in material terms. Dualist theory is important in examining the dualist ways in which we interact with the world we live in. If we reason...
