

Incipient Productivity

By Arne Zeschel

De Gruyter Mouton Mrz 2012, 2012. Buch. Condition: Neu. Neuware - How do speakers vary established patterns of language use and adapt them to novel contexts of application This study presents a usage-based approach to linguistic creativity: combining detailed qualitative with large-scale quantitative analyses of corpus data, it traces the emergence of partial productivity in clusters of conventional collocations. Synthesising insights from research on language acquisition, variation and change, it is argued that creative extensions of linguistic conventions are intrinsically bound up with aspects of memory and repetition. 268 pp. Englisch.

Reviews

The book is great and fantastic. It usually does not price excessive. I am happy to tell you that this is the greatest ebook i actually have read during my personal existence and can be he very best ebook for possibly.

-- **Abbie Feest**

It is really an remarkable ebook that we actually have ever read through. I actually have study and i also am confident that i am going to gonna study once more yet again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.
