

Fast Facts: Brain Tumors (Paperback)

By Lauren E. Abrey, Warren P. Mason

Health Press Limited, United Kingdom, 2011. Paperback. Condition: New. 2nd edition. Language: English . Brand New Book. Despite the availability of many effective treatments, there remains a therapeutic nihilism associated with brain tumors. This highly readable second edition of Fast Facts: Brain Tumors challenges this view, starting from the premise that patients with brain tumors can truly benefit from a thoughtful multidisciplinary approach. This comprehensive handbook covers all the salient features of the various brain tumors and treatment modalities in a way that will be useful to the practicing clinician. - Advances in radiology and pathology that have led to more precise and detailed diagnoses - Developments in molecular biology and imaging techniques that have improved available diagnostic modalities - New neurosurgical techniques that have enabled operations on tumors that were previously considered inoperable - Novel delivery systems that allow various treatments to reach tumors that are otherwise protected by the blood-brain barrier. This fully updated edition of Fast Facts: Brain Tumors bridges the gap between primary care providers - whose role is pivotal in tumor detection and subsequent patient care - and first-level specialists such as general neurologists and neurosurgeons. Its key message is that selection of the best...

Reviews

This is the finest publication we have read through right up until now. Better than never, though i am quite late in start reading this one. Its been written in an remarkably easy way in fact it is only after i finished reading through this book by which basically altered me, affect the way i think.
