Centurion Publishing. Paperback. Condition: New. 150 pages. Dimensions: 9.6in. x 7.4in. x 0.5in. Not since the legendary R. J Mitchells Supermarine Spitfire of the 1930s or the ill fated BAC TSR-2 of the 1960s, has a military aircraft been so much in the Spotlight as has the Eurofighter Typhoon been under its many guises over the last three-decades. Designed primarily as a multi-role fighter to replace a number of combat aircraft types in the air forces of Germany, Italy, Spain and the United Kingdom, the Eurofighter Typhoon has metamorphosed into a world-leading combat aircraft capable of meeting and defeating any current or near term adversary. A series of upgrades to mission systems and the introduction of new weapons will keep the aircraft competitive against emerging threats over the next few decades. While the initial production batches were delivered with an air combat capability, the aircraft was cleared as multi-role capable by the RAF in 2008. Full operational capability scheduled for introduction with Tranche 3 over the next few years will enable Typhoon to perform the full-spectrum of air to air and air to surface mission. Conceived in the 1980s, Eurofighter was designed to Cold War requirements, but emerged into a completely different military political environment, which followed the collapse of the Soviet Union in 1992. The flexibility of the Eurofighter concept has allowed the aircraft to absorb the changing military requirements resulting in an aircraft ideally suited to the missions for which it is being procured. The Eurofighter program has been dogged with many problems, both political and technical. Political indecision and the complexities of a four-nation consortium saw the program threatened with reductions and even cancellation. Much blame was laid at Germanys door with suggestions that the program would have benefited from a German withdrawal. However, this is far too...
