Welcome to the Boundary Series Books by Jeffery Dawson! Do your teens have you confused? Are you unsure were the boundaries are between being a good parent and an invasive busy body? Are you concerned about his or her quickly developing sexuality, but don t know what to say or do? Do you wish kids came with a handbook? If you answered yes to these questions, then this book is for you! Teens are at a very difficult age when they are trying to jump, perhaps too quickly, from childhood to adulthood. Thus, they are looking to find their own identity. At the same time, they are living with changes which are happening to their bodies while also trying to come to terms with how relationships work. It s no wonder there is such a great deal of confusion for both teens and parents. This book was written as a guide to parents to bring better understanding to boundaries: when to set them and when to allow your teen freedom to grow and explore. By working together, parents and teens can create boundaries which give the teen the ability to begin to stand on their own two feet. This book gives examples and will help parents see the world from both sides of the boundary. Let me help you come through the teen years unscathed! Purchase now!.
