

Conscience of the Machine (Paperback)

By Brian Cato

Createspace, United States, 2010. Paperback. Condition: New. Yunyun Li (illustrator). Language: English . Brand New Book ***** Print on Demand *****. Science is on the cusp of determining that there is a physiological basis for everything we think and feel. It is but a short hop further away from declaring, like Nietzsche of God, that free will is dead. Soon our every impulse will be traced to a neurotransmitter, our will reduced to a biochemical afterthought. CONSCIENCE OF THE MACHINE is both a critique and a defense of our conception of our identity at the precise moment that it comes under sharpest attack by scientific reductionism. The lives of troubled student Bobby Rosen, his ultra-competent teacher Emma Browne, and the brilliant failure Principal Harvey McNair intersect at the surreal implement of punishment known only as The Machine. Each faces a personal crisis that jolts them out of the sleep of habit, the haze of subconscious autopilot in which we persist day by day. As they struggle against the genetics and experiences which have shaped them, each must come to grips with the fact that large swaths of their minds seem beyond their control. Yet each has the opportunity to make...
