When a foreman fails to come through with his work, the whole shop lets down - the pull ahead and the push of material coming in slacken and tangle. Only team-play can safeguard the weak spots in your factory schedule. Have your foremen get together, and they will learn to check up, trade help and patch the schedule before a break ties up production. Show your workmen that the Schedule is the Business. Make promptness a game. Make the work pull evenly from stock bin to shipping platform, and you will cut idle buildings, machines and men from your pay roll.
