Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Poetry and Philosophy of Tennyson: A Handbook of Six Lectures Introduction. - To study the art and message of the poet who more than any other dominated the literature of the English-speaking world for more than half of the nineteenth century. As such a leader, peculiar significance in our study of his work. Poetry always fulfilling certain high spiritual functions - but these especially important in relation to modern life, and nowhere a better example of them than in Tennyson. Poetry and life - Art expressing the whole human spirit - intellect, emotion and will. Contrast philosophy and science. The two motifs in the progress of the human spirit: waves of science and waves of religion; extension of the area of knowledge and then the return to the spirit of man. Compare the occident and the orient; scholasticism and mysticism; Aristotle and Plato. The life of appreciation as compared with the life of the understanding. How much of our joy depending upon the former. Love, faith, response to poetry, as in the life of appreciation. Expression of this life in art; hence the spiritual functions of poetry.
