The book has been developed with a manager`s frame of reference and does not take any previous knowledge of the subject for granted because today`s management students come from diverse backgrounds. The book is structured in such a way that it can be used in both, the semester as well as trimester patterns of various PGDM & MBA programs. It can also be used in courses which focus on application of management techniques and not just the theoretical aspects of the subject. The book will also serve as an excellent reference for the practicing managers in their day-to-day application and understanding of the subject.
