Reviews

Thorough manual for publication fanatics. It is actually rally intriguing throug reading through period of time. Its been written in an remarkably simple way and is particularly only after i finished reading through this book in which actually transformed me, change the way i think.

(Morris Schultz)

THE GUARDSMEN OF RAMMSIHAAR

Trafford. Paperback. Book Condition: New. Paperback. 380 pages. Dimensions: 9.0in. x 6.0in. x 0.9in. May 2008: The potential military application of a new intelligence-enhancing drug is explored in this tale of an experiment run out of control, rising political tension between the Eastern and Western worlds, and a seeming solution to the global energy crisis. An adventure set truly out of this world leads to a frantic search amongst ancient ruins in order to save the peoples of Earth from the forces of tyranny and ultimate annihilation . . . Captain Dawn DeFaller, RN, DSO, is to head a NATO convoy protection exercise in the North Atlantic Ocean involving British warships, and also a number of merchant ships from several countries. During the exercise, code named Ankara, the efficacy of an experimental intelligence-enhancing drug is to be tested on a volunteer, Commander Garry Hunt of the British destroyer HMS Diamond. Additionally, she is to assess the capabilities of a non-live version of a new type of joint British-American smart torpedo with independent operational ability. Ankara proves initially to be a great success but just prior to its climax one of the merchant ships, a large oil tanker, is crippled, seemingly accidentally. In the meantime Diamond goes missing. Dawn and her officers and colleagues must attempt to locate Diamond before Garry Hunt, her now-rogue commanding officer succeeds in destabilizing East-West relations to the point of threatening to trigger a third world war. But the intellectually enhanced Hunt proves elusive and soon sets his sights on higher goals which involve initially revealing a solution to the global energy crisis but ultimately lie beyond the constraints of planet Earth. Dawn finds herself duty-bound to proceed on a mission unlike any that she has ever undertaken before. A mission even more daring than her previous...
